

ArcticRevolution 75B

Exceeding Expectations

A small table top water cooler that does not compromise on performance. The ArcticRevolution 75B offers an impressive dispense height, making it the ideal table top bottle filler. A small footprint and stylish design helps the 75B slot into to all areas. Upgrade this cooler by adding contactless dispensing to further enhance your customers experience. Integrated drip tray included as standard to keep hydration stations clean.

- 23cm dispense height
- Dispenses ambient water + 10ltrs/h of chilled water
- Solenoid dispensing can be upgraded to contactless
- Direct chill cooler compatible with Klaran UVC purification device
- Clean and compact design with integrated drip tray

Accessories

Installation Rail & Filter

Includes compression fitting, 1-micron green filter, water block, copper pressure reducing valve & non-return valve.

Klaran UVC LED

Protects direct chill water coolers from bacteria, viruses & other pathogens providing point of dispense protection. Available as factory fitted or for self installation.

Contactless

Upgrade this cooler by adding contactless dispensing. Helps avoid the risk of contact contamination and enhances your customers hydration experience.
