- Sturdy and robust build by Cosmetal
- See table below for model breakdown

Accessories

Cosmetal Rail & Filter

High capacity Fiberdyne filter candle with reusable filter housing and installation rail. Includes all fittings and fixtures, replacement candles are also available.

Klaran UVC LED

Protects direct chill water coolers from bacteria, viruses & other pathogens providing point of dispense protection. Available as factory fitted or for self installation.

Gas & Regulator

Carbonated coolers require a gas regulator to connect the CO² cylinder. Our REGCO2 gas regulator is suitable for 600gm disposable CO² cylinders.

Drip Tray Overflow

We offer a purpose built Cosmetal drip tray overflow container. Features an alarm that sounds when full and stores 3ltrs of waste water before needing to be emptied.
