

# Niagara

*Experience High Performance*

The Niagara dispenses an immense 120ltr/h of chilled and sparkling water, making it the ultimate hydration solution for areas of high demand. Built to last and easy to clean, the Niagara also offers simple manual switch control, or electronic dispense options.

- 30cm dispense height
- Ambient + 120ltrs/h chilled & 120ltrs/h sparkling water
- Floor standing & table top models available
- Available with electronic or manual control panels
- High capacity ice bank cooler
- Sturdy and robust stainless steel build by Cosmetal

## Accessories

### High Capacity Rail & Filter

High capacity Fiberdyne filter candle with reusable filter housing and installation rail. Includes all fittings and fixtures, replacement candles are also available.

### Klaran UVC LED

Protects direct chill water coolers from bacteria, viruses & other pathogens providing point of dispense protection. Available as factory fitted or for self installation.

### Contactless

Upgrade this cooler by adding contactless dispensing. Helps avoid the risk of contact contamination and enhances your customers hydration experience.

### Tabletop Drip Tray

The VR-IS is a stainless steel drip tray without mains drainage. Compatible with the Niagara Top models. Dimensions HxWxD (mm): 32x408x189.

### Gas & Regulator

Carbonated coolers require a gas regulator to connect the CO<sub>2</sub> cylinder. Our REGCO2 gas regulator is suitable for 600gm disposable CO<sub>2</sub> cylinders.
